Lin Gentling (USA)

*Candidate for IAU Americas Area Representative 2018 - 2020
Current IAU Americas Area Representative 2012 - 2018*

Personal Profile

Full Name: Linda (Lin) Gentling

Nationality: USA

Residence: Rochester, Minnesota USA

Mobile: 001-507-993-5902

E-mail: lsgentling@charter.net

Languages: English, German, Swahili

- Current IAU Americas Area Representative 2012 – 2018
- IAU Coordinator of Protocol 2016 – 2018
- Organizer of the IAU Americas 100K Championship in 2017
- Involved with the IAU since 1991 as an national team athlete, national team leader, and IAU Americas Representative

With the last 6 years from 2012-2018, the Americas have grown from 6 to 13 IAU America member federations. The effort continues to address potential federations to become part of the IAU family; not just in name, but to encourage participation in our events, hosting of ultramarathons, and involvement in our IAU business.

My objectives for the next two years include:

- Communicate to member Americas what is happening within the IAU; liaise IAU pertinent information to America members; improve and facilitate communication between the IAU and the Americas' national governing bodies, the Americas' race organizations, athletes, media and potential sponsors
- Revise the IAU Constitution for better representation of the areas
- improve and facilitate communication between the IAU and the Americas national governing bodies, the race organizations, athletes, media and potential sponsors
- Promote the strategic targets of the IAU
- Educate, create awareness of the labeling system, encourage races to be a part of the process, ensure results of labeled races are reported in proper format to the IAU
- Create an Areas page on the IAU website as a means for communicating information pertinent to each specific area as well as making the global IAU aware of what each area is doing. Expect regular contributions from me as well as guest submissions.
- Survey member Americas federations and athletes asking what each would like from the IAU and how the IAU is perceived, what needs to change
- Recognize media sponsors and supporters
- Strive to improve and to further create marketing methodologies to explore potential opportunities for financial funding and advertising of our Continental MIAUC's.
- Achieving greater recognition and participation in our Continental MIAUC's
- Provide adequate documentation of what we do, resulting in preservation of our knowledge and information base, as well as providing instructional tools
- Utilize our resources, especially the Area Representatives in the global business of the IAU (with their strengths and talents). Each of us should be involved in various IAU committees, taking the lead where our strengths (and interests) lie. In the past area representatives have been under-utilized and limited by their perceived limited scope of responsibility to the council
- To have Continental MIAUC's in place two years prior to the competitions
- Positioning the IAU strategically within the IAAF, National Athletics Federations, and within the trail community
- Be an ambassador for the sport of ultrarunning, promoting it throughout the world

Work History

Development Director

Camp Victory Zumbro Falls, Minnesota

2014 - present

Solicitation of donations, grants, sponsorships and gifts-in-kind for non-profit, conduct fundraising campaigns planning/organization/implementation of special events. Just completed a very successful \$200,000 funding campaign

Special Education Teacher	Rochester (MN) Public School System	2010 – 2014
Senior Healthcare Finance Analyst	Mayo Clinic, Rochester, Minnesota	1989 – 2009 (retired)
	<i>Operational understanding, delivering corporate finance services, strategic planning, regulatory compliance analysis, fiscal responsibility, project management, delivering educational presentations, accounting responsibilities</i>	
Consultant	Outward Bound, Inc.	1991 - 2008
	<i>Kenya, Zambia, Lesotho, Peru, South Australia, New Zealand, Canada, Maine, Colorado, Dartmouth College</i>	

Prior to 1991:

- Associate Program Director Outward Bound Minnesota, North Carolina
- Assistant Professor Northland College, Ashland, Wisconsin Departments of Education, Psychology

Areas of Expertise

- Financial analysis focusing on profits, cost controls, quality customer service and time management
- Setting up systems and processes to facilitate efficient cost applications and maximize profits
- Skills to assist in negotiation, conflict resolution, communication techniques, team building, and problem solving
- Developing teams to accomplish responsibilities by applying quality methods, recognizing global impacts, and time management to ensure expected outcomes
- Promoting continuous improvement methodologies to support development and mentoring at all employee levels
- Development and fundraising for non-profits
- Planning and implementation special events (sports, road races, and festivals) for up to 3500 people in attendance
- Serving on Jury of Appeals at national and international events and as referee at national events
- Serving as USATF Official (USATF certification) at national ultramarathon and trail championships

Education

Bachelor of Arts Degree	St. Olaf College, USA	Biology and Psychology (summa cum laude)
Master of Arts Degree	University of Minnesota USA	Kinesiology w/ emphasis in Sport Psychology (with high distinction)
Certificate in Corporate Leadership	Center for Creative Leadership Greensboro, NC	

Masters Thesis: "Compulsivity and Negative Addiction in Endurance Athletes"

Sport History

- Marathon Coach for 28 years to over 1700 runners
- Completed over 220 marathons and over 70 ultramarathons ranging from 50K to 100 mile and 24 hour events (Personal Best Marathon 3:04:07)
- Open Women's USA 100K National Champion - 1992
- USA 100K National Ultramarathon Team competing in 100K World Championships - Athlete: 1991 (Italy), 1992 (Spain),
- USATF National 100K Ultrarunning Team Coordinator, Team Leader, Head of Delegation participating in 100K World Championships; 1993 – present (excepting 1998, 2004)
- Consultant in Sport Psychology to high school and university teams and individuals – 1991 – current
- USATF Mountain, Ultra, Trail (MUT) Contributor of the Year – 2011

Because of what I have stated and committed to above, I know that I can provide valuable expertise resulting from my professional career. This experience will give value to the economic, technical, communication, member federation and athlete level, fiscal, and promotion of all IAU sporting and administrative aspects within the Americas.
