Liesbeth Jansen

**Candidate for
International Association of
Ultrarunners**

¹ The Dutch society for the preservation of nature

A brief introduction

My name is Liesbeth Jansen, 64 years of age and I live in Winschoten, the place known as the city of 100 k RUN Winschoten.

30 Years ago I fell in love with RUN Winschoten. I started out as a competitor, growing into the position of race-director. From 2014-2016 I was the chairwoman of this great organization.

Organizing the World Championship 100km in 2015 was amazing. It even came with a personal bonus, because on the race day I was knighted on behalf of the King in the order of Oranje Nassau. An honor I received for my contributions to RUN Winschoten, Ultrarunning in Holland and my involvement in the IAU.

Four more years!

Within the IAU I was active in a lot of positions: Director of Competition, Director of Organization, Treasurer and Vice President. From the moment Trail was added to the IAU I also have been closely involved. The last years in cooperation with the ITRA organization.

So I am versatile, always in the interest of the athletes, organizations and all Ultra disciplines in athletics. For me the next 4 years all ultra disciplines will be as important as the years before.

Innovating while preserving the good, looking for the ultimate possibilities to keep all ULTRA disciplines internationally visible. For all the thousands of athletes who practice this specific part of athletics with a lot of pleasure and commitment.
