1. BRASOV ON THE WORLD MAP

Romania is one of the large countries of Europe, with a population of approx. 22 million inhabitants.

Romania is located at the intersection of Central and Southeastern Europe, bordering on the Black Sea. Romania shares a border with Hungary and Serbia to the West, Ukraine and Moldova to the Northeast and East, and Bulgaria to the South.

Often compared to a "Latin island in a Slav sea", Romania features a unique familiar feeling in Eastern Europe.

Romania is a land of many genuine treasures that are waiting to be discovered. We can say much more about Romania, but a presentation is too small for that.

We hope that when you visit our country, you will have the chance to see all these beauties and meet the hospitality of the Romanian people.

Brasov is located quite close to Bucharest and the road distance (183 km/114 mi) can be easily covered in about 2 ½ - 3 hours by car.

Brasov is situated in the central part of the country being considered the second most important town in Romania, after Bucharest. Brasov is surrounded like a halo by the Carpathian Mountains, being in the middle of the country, at the crossroads of the the Eastern Carpathians and the Southern Carpathians.

Brasov is one of the most visited cities in Romania. The beautiful picturesque images offered by this highlands attracts many tourists from Romania and abroad.

The city has areas of great historical significance but it also holds a lot of medieval charm which can be easily seen in its interesting Gothic, Baroque and Renaissance style of architecture.

Just 12km away from Brasov city, in a glade surrounded by coniferous forests, at the foot of the Postavaru Mountain, you will find Romania's most famous skiing resort, Poiana Brasov.

2. WELCOME

It gives me great pleasure to welcome you in Brasov, the town that combines the most interesting and beautiful things Romania has to offer!

It is a privilege for me to be, as President of the Romanian Athletics Federation, the host of the first world athletic championship ever organized in Romania. It is a historic moment and I am glad that we will be able to mark it through one of the youngest and most dynamic athletic discipline: **ultrarunning**.

A few decades back we could never imagined that a man can „fly” over almost 9 meters at long jump or that a man wpuld ever be capable of running 100 meters in less than 10 seconds. And for sure we could have never imagined running events for over 24 hours!

The wish of the people was always to push boundaries, to demonstrate that there is always more that can be done and, in this regard, ultrarunning is the supreme expression of overcoming limits in athletics.

All the more, I am glad that the first world athletic championship hosted by Romania is the IAU 50 KM World Championhips. Ultrarunning is maybe the youngest athletic discipline, but it is for sure the one that attracts thousands and thousands of people willing to prove that nothing is too hard, as long as there is will and determination.

I am glad also that Romania succeeded, in less than two years, to attract two major international competitions. After Timișoara, the host of the IAU 24h European Championships, it is Brașov’s turn to demonstrate that Romania is a top organizer for athletic events.

We must not forget that this championship would have never been accomplished without the help and implication of the Ministry of Sports and Youth, Brașov City Hall and Brașov County Council. All of them were excited and enthusiastic to organize this world championship and support every step of the organization.

To the best ultrarunners of the moment: Welcome and may you have a great race! I hope that you will spend wonderful days in Brasov, marked by friendship and sportsmanship!

Florin FLOREA
President of the Romanian Athletics Federation

Good afternoon,

I would like to welcome to Braşov the guests who travelled to Romania in order to be present at such a big and important competition. This proves once more that our country is capable of hosting events of real importance.

It is a privilege for Romania to organise for the first time the 50 km World Championship of road running. I hope that there will be as many amateur athletes as possible who will enrol for the 50 km Open Race.

I am convinced that the Romanian team will do everything in its power to reach its goal. For the first time, a national Romanian team will participate in this edition of the World Championship.

I wish that sport lovers came as many as possible to the World Championship where more than 200 athletes from 40 countries will participate, especially that the event will take place in Braşov city, which is also a tourist attraction.

Finally, I would like to wish good luck to all the athletes and in particular to our country.

Constantin Bogdan MATEI
Minister of Youth Affairs and Sports

Welcome to Brasov!

For the first time Romania hosts a world athletics championship and this is happening in Brasov!

I am glad that the city that lies at the feet of Tampa Mountain won the bid due to the history, the beauty and the organizational conditions found here, as well as the ardent desire of the Romanian Athletics Federation to bring a world championship to our country. It is a real challenge for us to be the host of such an event, but I am convinced that the organizing team will prove that in Romania things are accomplished at a high level.

Brasov has the experience of organizing other valuable international competitions, such as the European Youth Olympic Winter Festival or the FIS Cup Open. We are glad that athletics joins the big competitions hosted in Brasov and it is an honor to be partners of the first world athletics championship in Romania.

I hope that this competition, besides the example of strength and tenacity of the athletes, will also be an example to be followed for as many children as possible in Brasov and athletics will become one of their favorite sports.

We will do our utmost to be the best host for the 350 officials of foreign delegations. I wish them all welcome, and I wish ultra-runners to have an unforgettable competition! I hope that for all Brasov will remain in their hearts and become a destination for other sport events or for future trips.

George SCRIPCARU
Mayor of Braşov

Dear guests,

Dear runners,

I take great pleasure in welcoming you to Romania for the 2019 IAU 50 Km World Championships. Words cannot express the gratitude I feel that Romania is hosting its first world athletics event in history and that, together with you, we will write the story of an extraordinary competition!

I am honored that the elite of endurance athletes is coming to Brasov, a city with an impressive cultural, historical and symbolic heritage, located at the very heart of Romania.

Hosting this World Championships is a privilege for our country, but also a responsibility that we take with great passion and active involvement.

All institutions are working locally and nationally to hold a high standard Championship. Together we are preparing this event with attention to all details: from the course to accommodation, meals and schedule, so that we provide you with an amazing experience here. I am convinced that you will feel very welcomed in Romania and you will return home with special memories.

We strongly believe that Romania will once again confirm that it can organize quality sports events, which bring together people from all over the world celebrating performance in ultrarunning, as we successfully did in 2018 with the organization of the IAU 24h European Championships in Timisoara.

Until we meet on September 1st 2019, I wish you good luck with your trainings and preparations! May you have an epic race in Brasov!

8. PRELIMINARY ENTRY FORMS (PEF) AND FINAL ENTRY FORMS (FEF)

DEADLINE PRELIMINARY ENTRY FORM (PEF): July 1st 2019

In order to book the accommodations, each Federation will send:

- A list with the number of athletes and officials.
- Arrival and departure dates.
- Required numbers of rooms and their typology (single, twin or apartment).
- Required numbers of nights.

Every country can send 6 men and 6 women athletes and can nominate one non-travelling reserve for each team in case of late withdrawal. For the teams' results, the delegations will be ranked according to the addition of the performances of their 3 best athletes.

Maximum number of officials: 1-6 athletes (3 officials), 7-12 athletes (6 officials).

In addition, the following information must be sent:

- Billing information
- Federation name
- Fiscal address
- VAT
- Country

Teams will also have to indicate to which bank account the Travel Grant has to be transferred.

The members Federation will be asked to pay 30% in advanced for the full board accommodation of their Teams.

DEADLINE FINAL ENTRY FORM (FEF): July 29th 2019

With the final entry form, each Federation will send the final list with the names of their athletes, dates of births, gender and their personal bests. Each Federation will also inform the LOC about arrival and departure times, flight numbers, train or bus times, required number of rooms and their typology, required number of nights, required number of meals to be provided.

The forms must be sent via email to both this email addresses:

LOC: contact@brasov50km.com

IAU: secretary@iau-ultramarathon.org

Please note that the accommodation and transfer offers made by the LOC are conditional on the prompt return of the entry forms within the deadlines.

9. TRAVEL GRANTS AND THE USE OF WILDCARDS

Travel Grant information will be scheduled right before the Technical meeting, on Saturday, 31th August 2019. The allocated Travel Grant for the National Athletics Federations for this MIAU is:

| TG (TEAM) | IG (A) | IG (B) | IG (C) |
|--|--------|--------|--------|
| 160 € | 160 € | 120 € | 80 € |
| <p>Team Grants are paid for maximum one male and one female team (= minimum 3 runners/team)</p> <p>IG Grants are paid for maximum 3 men and 3 women/country.</p> <p>All these grants are cumulative!</p> | | | |

The TRAVEL GRANT will only be paid by bank transfer, after the event.

The provisional travel grant invoice will be given after the Technical Meeting. After the start of the race, there will be a last check of the athletes who started. If athletes who are on the Travel Grant paper did not start, the amount of Travel Grant will be changed.

The table shows that if you send a full team, then you will receive a basic team grant (TG). Then, additionally, you will receive the additional individual grants (IG) per athlete as part of the team. If you are only sending individual athletes, then the travel grant will be just that of the individual athlete.

On the IAU website, www.iau-ultramarathon.org, nearer the race date, you will find a list of the runners of your Federation who belong to category A, B or C.

Use of Wildcards

The introduction of WILDCARDS means that a runner with only a C level (or less) may be upgraded to a B-level for that particular MIAU competition. At every MIAUC you can use a maximum of 2 wildcards (combined men and women). This regulation gives team delegations the opportunity to send potential "B athletes" even when certain situations made it impossible for some athletes to compete in a IAU labeled race to achieve the IAU recognized performance.

These WILDCARD athletes **must** be indicated on the [Final Entry Form](#).

If you have any questions about this, please contact the IAU Director of Organisations: Liesbeth Jansen:
E-mail: liesbeth.jansen@iau-ultramarathon.org, Tel: +31 622 49 00 53

10. VISA REQUIREMENTS

Any foreign visitor wishing to visit Romania should have a valid passport or a valid identity card of the European Union.

As per the provisions of Regulation (EU) no. 610/2013, as of October 18th 2013, when calculating the right of stay for third state applicants, a time period of maximum 90 days in any 180 day period shall be taken into consideration. You can calculate your right to stay by using the [calculator](#) made available, for this purpose, by the European Commission.

For more detailed information, please access the following link: <http://www.mae.ro/en/node/2035>

11. ACCREDITATION PROCEDURE

Accreditation badges will be prepared in advance of the event, based of the information provided by the Member Federation in the FEF.

No changes will be accepted after the final entry deadline, except in case of lesion, last minute illness of one of the team members.

Accreditation badges will be handed out on teams` arrival.

12. MEDICAL

The safety and welfare of competitors is of paramount importance to the Medical Team.

In accordance with rule 53.1 of the IAAF Competition Rules, each Federation agrees to submit the following information surrounding its runners:

- a. Any medical history and/or pathology – in particular those which may increase their risk during exercise.
- b. The regular use of treatments and medicines in the 15 days leading up to the race.
- c. All requests form of use of medicines subject to a Therapeutic Usage Exemption (TUE).
- d. Accept to answer any request the Medical Team may make based on the information submitted in order to discuss the runner`s ability or not to participate in the competition.
- e. Accept that, under rule 144 of the IAAF Competition Rules, the Medical Team decision on participation before or during the race is final.

For safety reasons, upon arrival, the Teams will be asked to sign a Medical Waiver.

Romania Anti Doping has been appointed to carry out testing during the Championship.

13. WEATHER CONDITIONS

Exact weather forecast for the race day will be given at the Technical Meeting.

14. IAU Technical Education Course

One of our main objectives is to promote and develop long distance running worldwide by encouraging specific activities in each of the IAAF Continental Areas. At the same time IAU is trying to give back to our ultra-running community as much as possible. This is why the IAU Technical Committee will launch the Technical Education in 2019. It will be great opportunity to share our expert experience with you and gives you the chance to become an “IAU Technical Delegate”. All our Technical Delegates need to have been trained as technical officials in their own country up to national standard (i.e. race referee/judge for national championships) or Race Directors with experience in IAU Label Races

- ✓ The date: **August 30th, 2019** in English limited to 10 participants. It is for Europe (8 participants), USA and Canada (1 participant for each country). If you are interested in participating in the course, please send an email to paco.rico@iau-ultramarathon.org.

Only one member from each country will be admitted to take the course (there might be possibility to extend this in exceptional circumstances).

The training will be free of charge and after completion of the course you will receive confirmation of completion (certificate).

More information and Registrations in our website: www.iau-ultramarathon.org

17. TOURIST INFORMATION

As a **host of IAU 50KM World Championships**, the city of Brasov is excited to welcome you with all its best features.

Your discovery starts in **Council Square**, the iconic place of Braşov, where you can take amazing photos or enjoy a great coffee at one of the terraces from the square.

The Council Square used to be, during the Middle Ages, the place where markets were held, not only by Hungarian and Saxons of Transylvania, but also by merchants from Romania. Among the buildings in the square we should mention the Council House, the Church of the Assumption of the Virgin Mary, the Merchants' House, the Filstich-Plecke House, Mureşenilor House, the Museum of Urban Civilization Braşov. The Black Church is located near the square.

The Council Square is probably the best well-known and most visited place in Braşov, where various artistic and cultural events, outdoor concerts, such as the Golden Stag Festival, etc. are organized.

Near Council Square lies one of the most imposing churches from Romania, **the Black Church**. The chill you will feel inside makes you realize the greatness of the Black Church and will make you eager to discover more about this monument. The Black Church is one of the most representative monuments of Gothic architecture in Romania, dating from the XIV-XVth centuries. With a length of over 89 meters, it is considered to be the largest church in Romania. Owing to its size, when it was finalized, it received the title of the Largest Church between Vienna and Constantinople.

It is the parish church of the Evangelical Lutheran community in Braşov. The gothic building was partially destroyed in the fire that followed the temporary invasion of the Turks in 1689, when its walls blackened and became known under its current name. The popular name after the fire, the “Black Church”, was officially accepted in the XIXth century.

Wandering in the old city you will discover **the Bastions** that surrounded and protected the medieval city. Now they are arranged as small history museums and the walk through them is enjoyable.

At the gates of the ancient city, inhabited by Germans in the medieval age, lies Schei, one of the most old quarters of Braşov. This is the home of **Junii Braşovului**, an ancient organization of the Schei neighborhood, organized in seven groups. Each group represents a different quarter in the Schei neighborhood and in the second Sunday after Easter, they march through the city on their horses, in an unique ceremony that presents a tradition of hundreds of years and amazing traditional costumes. The leader of ceremonies wears a shirt adorned with 40000 colorful spangles, weighing 20 lbs.

In Schei lies also the oldest Romanian church from the city. Dating as establishment from 1292, **St. Nicholas Church** dominates, through its impressive size, Şcheii Braşovului. The church was built in stone, starting with the year 1495, by the locals, with the help of Neagoe Basarab, Prince of Wallachia.

Neighborhoods

Bran Castle is perhaps one of the most iconic places from Transylvania. Just 30km apart from Braşov, Bran Castle is one of the most visited places from Romania. Its fame is tightly related to Dracula, the character from Bram Stoker's novel. The legend of Dracula continues to fascinate the thousands visitors, excited to discover any sign of the world renowned vampire. Apart from its gloomy fame, Bran Castle is a charming romantic place touched by centuries of history. The castle is now a museum dedicated to displaying art and furniture collected by Queen Marie and tourists can see the interior on their own or by a guided tour. At the bottom of the hill is a small open-air museum exhibiting traditional Romanian peasant structures (cottages, barns, water-driven machinery, etc.) from the Bran region.

Peleş Castle is another magnificent castle, a residence of Romanian kings and queens. The castle is a Neo-Renaissance construction in the Carpathian Mountains, situated near Sinaia, at 60km from Braşov. It was built between 1873 and 1914 and it's inauguration was held in 1883. It was constructed for King Carol I. Peleş Castle attracts the tourists with it's beautiful architecture and the amazing and intricate interiors.
