

January 2nd 2017

Dear General Secretary,

The Trail World Championship were successfully organized jointly between the IAU and ITRA in 2016 in Portugal. We always want to improve our events for our stakeholders - both the athletes and their national federations. This means that we would want to understand your needs and preferences so we have prepared a survey to obtain the opinions and desires from all our federations.

We are asking for your input in the attached survey to help us all be successful in the future, as well as to obtain the information that will assist us to fulfill our trail championship objectives. We are requesting your assistance to respond to the attached survey as early as possible, but no later than 11 January. This date is important to us as the IAU and ITRA will participate in a joint meeting to discuss these results and make future plans on 27 January in Madrid, Spain.

Thank you very much for your assistance and valued input and we are looking forward to hearing from you.
